Dear Yohanes:

Congratulations on being selected as a Leader in the 2010 Ventana Research Leadership Awards! I am happy to provide this distinctive award to you and your organization in recognition of your significant accomplishments. In our experience, too many fail to seize opportunities such as this to reflect on success, but our firm prizes this chance to seek out and acknowledge the best practices organizations develop and apply across their people and processes to ensure the optimum use of information and technology.

I am delighted to have had the opportunity to participate in the judging and validation of your submission and to see how you have leveraged technology and vendor relationships to your advantage. Our research and advisory services firm understands the challenges of perseverance when it comes to optimizing processes and gaining better performance in today's business climate, and so we're pleased to be able to acknowledge your accomplishments.

Again, congratulations on your accomplishments and on being a Leader in the 2010 Ventana Research Leadership Awards. Let us know if we can help you in your future endeavors, and best of luck to you and your organization in 2011.

Sincerely,
